Your Name

Research scientist

you@example.org · +00 0000 000000 · yourwebsite.org · City, Country

Profile

Write two or three sentences about the work you do and the work you want to do next. Name your field, the problems you care about and what you bring to a team: methods, tools, languages, and the kind of results you have delivered.

Experience

2023 – now **Senior Researcher**, *Institute or Company, City*
What you lead and what came of it. Keep to one or two lines, with numbers where you have them: a model, a paper, a product, a team.

2020 – 2023 **Postdoctoral Fellow**, *University, City*
The project, the method you developed and where it was published or used.

2018 – 2020 **Research Engineer**, *Laboratory, City*
Instruments, software or data you built, and who relies on them.

Education

2014 – 2018 **PhD in Your Subject**, *University*
Thesis: *The title of your thesis*. Advisor: Name Surname.

2012 – 2014 **MSc in Your Subject**, *University*

2009 – 2012 **BSc in Your Subject**, *University*

Selected publications

2025 **A recent paper of yours**, *Journal Name 12, 345*
With Co-Author and Co-Author. One line on the result.

2023 **Another paper**, *Conference Name*
With Co-Author. One line on the result.

Skills

Methods **Your main methods**

Software **Languages, tools and libraries**

Languages **English (fluent), another language (good)**

Awards

2024 **Name of a prize or fellowship**, *Awarding body*

2019 **Name of a grant**, *Funder*
